Subject: Nix Bank of WalMart

As WalMart has shown itself to be one of the worst corporate citizens in America, I hope you will deny the formation of the Bank of WalMart.

Such an entity would give Walmart complete control over all of the finances of some of our poorest and least educated citizens. The next step would be WalMart realty, specializing the foreclosed properties of Bank of WalMart.

Shades of the 'company store' ....Please deny this petition from WalMart.

Sincerely,

Amy Martin
